Revision History

Version	Date	Description
1.0	Jul-22	Initial Release

Overview

This file is used to introduce how to configure the close time of the scanner button

NOTE: Since use the mainboard to configure the close time of the scanner button, therefore when you scan the barcode "Default Factory Setting", the previous mainboard configuration will be invalid.

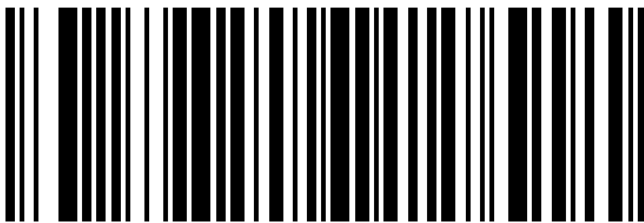

Operation

Scan the barcode below to configure the close time of the scanner button.

G2126: change the order about button close time

5: long-push button 5 seconds to close

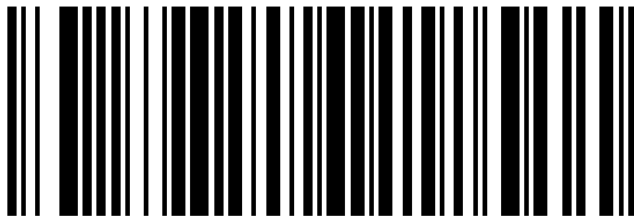

The close time can be configured from 5-60 second about long-push button

{G2126/5}

Example

If you want to configurate push button 8 seconds to close scanner, please scan the barcode below.

{G2126/8}
